

CMR GANDHI PUBLIC SCHOOL

(CBSE)

About Us

CMR Gandhi Public School is led by a group of educationists who have been associated in the field of education for the past 30 years in providing high quality education. A broad and balanced curriculum and leveraging of technology are the Key features of this school. Every child is given equal opportunity to maximize her / his learning potential. The focus is on blending affectionate & fun learning principles with optimal use of technology.

CMR Gandhi Public School is a part of Gandhi Education Trust that was established in 1998. The school believes in nurturing children academically and socially in a safe, secure and supportive learning environment. CMR Gandhi Public School is located on Sarjapur Road, Bangalore with a good connectivity to IT cluster areas such as Whitefield and Electronic City.

The Vision

To inspire and empower students to become confident, tech savvy, innovative and responsible global leaders by adopting 21st century learning pedagogy.

The Mission

CMR Gandhi Public School is a private independent school wherein learning happens in and out of classroom using modern infrastructure. The School is committed to maximising the unique potential of every student by employing active learning strategies.

Our Motto

Teaching Tomorrow's Skills Today

Leadership

Mr. K. C. Ramamurthy

Chairman, CMR Group of Institutions
Chairman, Ekya Board of Governors
Trustee, Gandhi Education Trust

Dr. Sabitha Ramamurthy

President, CMR Jnanadhara Trust
Chancellor, CMR University
Trustee, Gandhi Education Trust

Dr. Trista Ramamurthy

Founder & Managing Director, Ekya Schools
Vice President, CMR Group of Institutions

Mr. K. C. Ramamurthy

In the late 1970s, Shri. K. C. Ramamurthy began his career as a lecturer of economics, later joining the prestigious Indian Police Service in 1982. He worked in various capacities for the Government of Karnataka, including roles such as Registrar – Bangalore University, Director – Kannada & Culture, Commissioner – Youth Services and Sports and Inspector General of Police – Bangalore City. He has been awarded the President’s Meritorious Medal for distinguished service in 2001, Indira Gandhi Priyadarshini Award in 2001 and the Kempegowda Award in 2011, among others. His passion for excellence and his undivided focus on educational quality has allowed institutions like CMR, Ekya and CMR Gandhi Public School to make a mark in society. He is a member of the Indian Parliament (Rajya Sabha) and chairperson of the standing committee on papers.

Dr. Sabitha Ramamurthy

Dr. Sabitha Ramamurthy founded the CMR Jnanadhara Trust in 1990. The Trust first started the National Junior School (now CMR National Public School). Today, CMR Group runs 20 institutions in Bangalore alone, educating thousands of students every year. Dr. Sabitha Ramamurthy’s is an inspiration to parents and students alike.

Dr. Trista Ramamurthy

Ms. Ramamurthy founded Ekya Schools to bring pedagogically sound, research-based learning experiences to India. She spearheads K-12 initiatives under the CMR Group, overseeing state board, CBSE, ICSE and pre-university institutes, in total an overall student strength of 5000. She brings in cutting edge educational advancements through her exposure to the principles of Project Zero Classroom from Harvard University, inquiry-based learning from Reggio, Italy and design thinking from Stanford school. Ms. Ramamurthy holds a Bachelor’s degree from Singapore Management University. She has a Master’s from Stanford University School of Education, and Doctorate in Education from Kings College London. Her research has focused on topics including educational equity, teacher motivation, education policy and curriculum construction.

From Principal's Desk

Mrs. Puneeta Khatri
M.Sc (IIT Delhi); M.Ed

Dear Parents,

We are delighted that you are considering CMR Gandhi Public School for your child's education. Our teachers work as empowered facilitators so that each student becomes an active learner. We have taken great care to adopt learner centric curriculum.

The foundation for the spark to learn in your child will be laid down in our Montessori or nursery schools. At CMR Gandhi Public School we try to create a social learning atmosphere that is a joyful experience for children. From designing the classrooms to planning our curriculum and laying out the outdoor play area; we have taken great care to consider the needs of the children. Dynamic curriculum coupled with the right technology helps them to become confident independent thinkers and problem solvers. It grooms them into self assured, creative and responsible adults. Extra curricular activities lay emphasis on creativity and sustainability.

We introduce every child to technology at an early age that will give a distinct advantage to students in the technology led future. Our teaching pedagogy focuses on knowledge application. The learner is trained to be balanced & rational individual who is also Tech savvy with strong values.

Ms. Khatri has a rich experience of over 30 years in the education sector. She has authored several books and write ups. She is also an acclaimed artist (painting).

Academics

Montessori : M0 to M3

The Montessori school strives to maintain a secure, comfortable, fully interactive and diverse environment where children are encouraged to learn and grow. The curriculum is true to the visionary educational philosophy of Dr. Maria Montessori and is individualized for each student. This wonderful and welcoming environment is specially designed to forge growing independence and to learn problem solving skills to learn about their world.

Primary School : Grade 1 to 5

Based on the National Education Policy of 2020 and the best international standards of primary level education; this program incorporates a variety of pedagogical approaches into a seamless and enduring curriculum. The aim of this program is to provide an intellectually stimulating and supportive environment to nurture students in their formative years. The program sets clear & specific goals to help each child achieve excellence in all spheres of development including moral / ethical reasoning, emotional intelligence, creative imagination, intellectual capabilities, social skills and physical strength. At the same time, the primary school program encourages the students to identify & embrace their unique identity and make best use of their untapped potential. From grade 1, students enjoy the advantage of learning valuable skills in the Technology Lab including the Robotics Lab under the guidance of skilled and dedicated instructors.

Middle School : Grade 6 to 8

The middle school program is based on a keen understanding of curious young learners who aspire to explore global academic / professional opportunities and become responsible leaders of our future. This program enables students to develop a deep / meaningful understanding of the curriculum. The academic curriculum is supported by unique outside the classroom programs.

Proposed Knowledge Partners

Co-Curricular Program

The co-curricular program at CMR Gandhi Public School is not merely a collection of after-school activities, but a well-formulated and comprehensive plan to help the development of each child's excellence beyond the classroom. Each club allows students to take charge of exciting activities under the astute supervision of faculty leaders. Clubs are organized on the common principles we call the three "I"s - Inclusiveness (each child is provided a supportive environment to explore their interests), Innovation (each child is encouraged to exercise their creative imagination), and Inspiration (each child learns from their peers and engages in healthy competition).

- Canvas Kids
- Explorium

- Future Leaders Of India
- The Compassion Crew
- The Scribblers Society
- The Hitchhiker's Club

Health & Wellness

Wellness is an active process of becoming aware of and making choices toward a healthy and fulfilling life. Wellness is more than being free from illness. It is a dynamic process of change and growth. CMR Gandhi Public School believes in emotional, physical, social and intellectual wellness. In raising healthy children, it's not enough to just focus on the physical aspect of health. To be truly healthy, a child's emotional health must be nurtured and strengthened. Developing a mental attitude of wellness is also essential. Our goal is to have outstanding, vibrant health, not just to be free of disease. Children will learn that positive and healthy lifestyle choices lead to physical and mental wellness.
